HEALTH LABORATORY SCIENCE

VOLUME 3, 1966

INDEX

	Pages		Pages
January	1–64	July	129–190
April	65–128	October	191–250

Official Publication of the Laboratory Section
American Public Health Association, Inc.
1790 Broadway, New York, N.Y. 10019

INDEX to VOLUME 3, 1966

(Titles and Authors)

A

Page

Anandam, E. J., *et al. Streptococceae* in the Atmosphere of Plants Processing Vegetables for Freezing 207
Association of Adenoviruses with Other than Respiratory Illness. A. E. Kelen and N. A. Labzoffsky 200

B

Bacteriological Methods for Estimation of Water Pollution. G. J. Bonde..... 124
Berg, G. Virus Transmission by the Water Vehicle. I. Viruses..... 86
Berg, G. Virus Transmission by the Water Vehicle. II. Virus Removal by Sewage Treatment Procedures 90
Berg, G. Virus Transmission by the Water Vehicle. III. Removal of Viruses by Water Treatment Procedures 170
Berquist, K. R., and Love, G. J. Relative Efficiency of Three Tissue Culture Systems for the Primary Isolation of Viruses from Feces..... 195
Blair, J. E. Untypable Staphylococci: Their Identification and Possible Origin..... 229
Bonde, G. J. Bacteriological Methods for Estimation of Water Pollution..... 124
Borman, E. K., *et. al.* Chromatographic Procedure for the Preparation of M Protein Testing Antigens 225
Borman, E. K. The Role of Official State Laboratories in the Evaluation and Utilization of Standard Methods 160
Brancato, F. P., and Parker, M. J. The Stained Direct Smear of Clinical Material..... 69
Brown, J. R., *et al.* Virus Dispersal by Water..... 182

C

Calderone, J. G., *et al.* Serum Brucellacidal Activity in Chronic Brucellosis..... 220
Christensen, W. B., and Leach, R. E. Egg Agar Medium for the Primary Isolation of *Mycobacterium tuberculosis* 39
Chromatographic Procedure for the Preparation of M Protein Testing Antigens. W. F. Vincent; E. K. Borman; and P. Pranitis..... 225
Comparison of the "MIF" Direct and Concentration Technics in Parasitology. H. J. Fournelle; I. L. Wallace; and V. Rader..... 33
Compulsory Regulation of Laboratories Serving the Public. A. Dickman..... 5
Cordle, F. Method for Screening Routine Throat Cultures for *Corynebacterium diphtheriae* 44

D

PAGE

Development of Official Methods by the Association of Official Analytical Chemists. L. G. Ensminger 143
Dickman, A. Compulsory Regulation and Evaluation of Laboratories Serving the Public.... 5
Drake, C. H. Evaluation of Culture Media for the Isolation and Enumeration of *Pseudomonas aeruginosa* 10

E

Editorial Comments 3, 67, 131, 193
Laboratory Aspects of Medicare.....3, 131
Safety of Water Supplies..... 67
Tribute to Mrs. Walsh..... 3
Evaluation of Performance in Medical Laboratories..... 193
Egg Agar Medium for the Primary Isolation of *Mycobacterium tuberculosis.* W. B. Christensen and R. E. Leach..... 39
Ensminger, L. G. Development of Official Methods by the Association of Official Analytical Chemists 143
Evaluation of Culture Media for the Isolation and Enumeration of *Pseudomonas aeruginosa.* C. H. Drake..... 10
Evaluation of Leptospiral Macroscopic-Slide Test Antigens with Reference and Human Sera. G. M. Evins; B. West; and G. H. Reynolds..... 235
Evins, G. M., *et al.* Evaluation of Leptospiral Macroscopic-Slide Test Antigens with Reference and Human Sera..... 235

F

Feeley, J. C., *et. al.* Serum Brucellacidal Activity in Chronic Brucellosis..... 220
Foter, M. J., *et. al.* The Growing Need for Standard Methods in Environmental Health Programs 133
Fournelle, H. J., *et al.* Comparison of the "MIF" Direct and Concentration Technics in Parasitology 33

G

Gale, D., *et al.* Studies of Unclassified Mycobacteria: II. Survival and Dissemination of Typical and Unclassified Mycobacteria in the Organs of Mice Inoculated Intraperitoneally or Intravenously 48
Griggs, J. F., *et al.* Serum Brucellacidal Activity in Chronic Brucellosis..... 220
Growing Need for Standard Methods in Environmental Health Programs. K. H. Lewis and M. J. Foter..... 133

H

Hilbert, M. S. Policies and Practices of the American Public Health Association Regarding Methods Standardization 154
Hoadley, A. W., and McCoy, E. Studies of Certain Gram-Negative Bacteria from Surface Waters 20
Human *Mycoplasma* Infections. M. C. Shepard..... 163

I

Influence of Experimental Conditions on the Microbiological Evaluation of Antibiotics. E. Schmid and A. E. Kraushaar..... 214

J

Jay, J. M. Relationship between the Phenomena of Extract-Release Volume and Water-holding Capacity of Meats as Simple and Rapid Methods for Determining Microbial Quality of Beef..... 101

K

Keenan, R. G. Standardization of Methods by the American Conference of Governmental Industrial Hygienists 151
Kelen, A. E., and N. A. Labzoffsky. Association of Adenoviruses with Other than Respiratory Illness 200
Kraushaar, A. E., *et al.* Influence of Experimental Conditions on the Microbiological Evaluation of Antibiotics..... 214

L

PAGE

Labzoffsky, N. A., *et al.* Association of Adenoviruses with Other than Respiratory Illness.... 200
Leach, R. E., *et al.* Egg Agar Medium for the Primary Isolation of *Mycobacterium tuberculosis* 39
Lewis, K. H., and Foter, M. J. Growing Need for Standard Methods in Environmental Health Programs 133
Lockhart, E., *et al.* Studies of Unclassified Mycobacteria: II. Survival and Dissemination of Typical and Unclassified Mycobacteria in the Organs of Mice Inoculated Intraperitoneally and Intravenously 48
Love, G. J., *et al.* Relative Efficiency of Three Tissue Culture Systems for the Primary Isolation of Viruses from Feces..... 195

M

McCarty, I. E., *et al.* *Streptococceae* in the Atmosphere of Plants Processing Vegetables for Freezing 207
McCoy, E., *et al.* Studies of Certain Gram-Negative Bacteria from Surface Waters..... 20
McLean, D. M., and Brown, J. R. Virus Dispersal by Water..... 182
Melnick, J. L., *et al.* Viral Studies of a Congenital Rubella Epidemic..... 118
Method for Screening Routine Throat Cultures for *Corynebacterium diphtheriae.* F. Cordle 44
Microbiology of Hospital Carpeting. J. G. Shaffer..... 73
Mundt, J. O., *et al.* *Streptococceae* in the Atmosphere of Plants Processing Vegetables for Freezing 207

P

Parker, M. J., *et al.* The Stained Direct Smear of Clinical Material..... 69
Phillips, C. A., *et al.* Viral Studies of a Congenital Rubella Epidemic..... 118
Pickett, M. J., *et al.* Serum Brucellacidal Activity in Chronic Brucellosis..... 220
Policies and Practices of the American Public Health Association Regarding Methods Standardization. M. S. Hilbert..... 154
Possibilities of Application of Complement Fixation, Indirect Hemaglutination and Fluorescent Antibody Tests to Epidemiology of Meningococcal Infection. W. R. Sanborn and N. A. Vedros..... 111
Pranitis, P., *et al.* Chromatographic Procedure for the Preparation of M Protein Testing Antigens 225

R

Rader, V., *et al.* Comparison of the "MIF" Direct and Concentration Technics in Parasitology 33
Rawls, W. E., *et al.* Viral Studies of a Congenital Rubella Epidemic..... 118
Relationship between the Phenomena of Extract-Release Volume and Water-Holding Capacity of Meats as Simple and Rapid Methods for Determining Microbial Quality of Beef. J. M. Jay..... 101
Relative Efficiency of Three Tissue Culture Systems for the Primary Isolation of Viruses from Feces. K. R. Berquist and G. J. Love..... 195
Reynolds, D., *et al.* Studies of Unclassified Mycobacteria: II. Survival and Dissemination of Typical and Unclassified Mycobacteria in the Organs of Mice Inoculated Intraperitoneally and Intravenously 48
Reynolds, G. H., *et al.* Evaluation of Leptospiral Macroscopic-Slide Test Antigens with Reference and Human Sera..... 235
Role of Official State Laboratories in the Evaluation and Utilization of Standard Methods. E. K. Borman 160

S

Sanborn, W. R., and Vedros, N. A. Possibilities of Application of Complement Fixation, Indirect Hemagglutination and Fluorescent Antibody Tests to Epidemiology of Meningococcal Infection 111
Schmid, E. E., and A. E. Kraushaar. Influence of Experimental Conditions on the Microbiological Evaluation of Antibiotics..... 214
Serum Brucellacidal Activity in Chronic Brucellosis. J. G. Calderone; J. F. Griggs; J. C. Feeley; and M. J. Pickett..... 220

Shepard, M. C. Human *Mycoplasma* Infections..... 163
Stained Direct Smear of Clinical Material. F. P. Brancato and M. J. Parker..... 69
Standardization of Methods by the American Conference of Governmental Industrial Hygienists. R. G. Keenan..... 151
Streptococceae in the Atmosphere of Plants Processing Vegetables for Freezing. J. O. Mundt; E. J. Anandam; and I. E. McCarty..... 207
Studies of Certain Gram-Negative Bacteria from Surface Waters. A. W. Hoadley and E. McCoy 20

PAGE

Studies of Unclassified Mycobacteria: II. Survival and Dissemination of Typical and Unclassified Mycobacteria in the Organs of Mice Inoculated Intraperitoneally or Intravenously. D. Gale; E. Lockhart; and D. Reynolds 48

Symposium: Current Programs and Needs in the Promulgation of Official Methods for Analysis of Environmental Samples

The Growing Need for Standard Methods in Environmental Health Programs. K. H. Lewis and M. J. Foter 133

Development of Official Methods by the Association of Official Analytical Chemists. L. G. Ensminger 143

Standardization of Methods by the American Conference of Governmental Industrial Hygienists. R. G. Keenan 151

Policies and Practices of the American Public Health Association Regarding Methods Standardization. M. S. Hilbert 154

The Role of Official State Laboratories in the Evaluation and Utilization of Standard Methods. E. K. Borman 160

U

Untypable Staphylococci: Their Identification and Possible Origin. J. E. Blair 229

V

Vedros, N. A., *et al.* Possibilities of Application of Complement Fixation, Indirect Hemagglutination and Fluorescent Antibody Tests to Epidemiology of Meningococcal Infection 111

Vincent, W. F., *et al.* Chromatographic Procedure for the Preparation of M Protein Testing Antigens 225

Viral Studies of a Congenital Rubella Epidemic. C. A. Phillips; W. E. Rawls; J. L. Melnick; and M. D. Yow 118

Virus Dispersal by Water. D. M. McLean and J. R. Brown 182

Virus Transmission by the Water Vehicle. I. Viruses. G. Berg 86

Virus Transmission by the Water Vehicle. II. Virus Removal by Sewage Treatment Procedures. G. Berg 90

Virus Transmission by the Water Vehicle. III. Removal of Viruses by Water Treatment Procedures. G. Berg 170

W

Wallace, I. L., *et al.* Comparison of the "MIF" Direct and Concentration Technics in Parasitology 33

West, B., *et al.* Evaluation of Leptospiral Macroscopic-Slide Test Antigens with Reference and Human Sera 235

Y

Yow, M. D., *et al.* Viral Studies of a Congenital Rubella Epidemic 118
